From Highbrook Crossing

It's been great to see friends and colleagues lounging in the sun, participating in games and enjoying the food at Highbrook Crossing.

We've been treated to a variety of food trucks, including a blistering good BBQ, mouth-watering hotdogs and delicious Doe donuts.

We ran the Christmas Spin to Win competition with the help of Radio Hauraki. Over 300 people gave the wheel a spin and everyone won a prize. Top prizes included a Panasonic microwave and breadmaker, dinnerware and glasses from Out of The Box, a Ford vehicle for a month and a Dyson Air Wrap Multi Styler. All provided for by our fabulous local Highbrook businesses.

To combat the heat we gave away ice blocks and ice creams. On socials we had lucky winners walk away with OfficeMax price packs, electric bikes, Namaste vouchers and Jetts' memberships.

Autumn is also going to be packed full of fun events and prizes – like the Bar Challenge with ZM and Hook a Lucky Duck with Radio Hauraki. You can win a Mother's Day weekend with Quest and Fisherhouse, Easter egg packs, Kagura vouchers, and we have three food trucks coming to visit.

Check this magazine to find out what's on and follow us on Instagram and Facebook.

See you at Highbrook Crossing!

The Magic of Bees!

The Bee Lady in action at Hivebrook

Join us for an unforgettable experience with The Bee Lady.

Get ready to be fascinated by the intricate world of bees during her engaging presentation where you'll learn about the impact of bees on the ecosystem, why we need them, and how they function. Witness the mesmerizing buzz of activity in the observation hive, where you'll see bees in action without the fear of being stung.

There will be honey to taste and purchase. You will also have the opportunity to get hands-on and make your very own beeswax candle to take home.

Don't miss this unique opportunity to explore the magic of bees and support our Hivebrook beehives.

Reserve your spot now!

First 20 people to book will receive a free jar of honey (must attend to be eligible to receive the gift).

EVENT: Learn about Bees

Shane Everett checking and baiting traps

Ridding Highbrook of pesty pests!

At Highbrook, our pest prevention efforts began in November, targeting possums, rats and mustelids to protect our native ecosystem here at Highbrook.

Despite setbacks like trap theft, we've captured 35 predators, including 26 possums, 1 rat and 1 weasel since November.

Our focus began in the crater foreshore area, strategically selected to address potential predators inhabiting the native plantings established between 2018 and 2021.

Protecting the native vegetation and bird populations is crucial for biodiversity. Adjacent salt marshes and estuaries harbour vulnerable species like Kōtare (kingfisher), Karuhiruhi (pied shags), Matuku Moana (white faced heron), Banded Rail (pererū), Poaka (pied stilts), Spur Winged Plover

and Tōrea (South Island oyster catcher), highlighting the importance of our work.

You can check-out the Trap.NZ app and search 'Highbrook Park' to see the progress.

We're looking for volunteers to help with tasks like checking trap lines. So let us know if you'd like to help.

“Imagine an Aotearoa New Zealand where our native species are safe from extinction and thriving alongside us. We all want our unique species of birds, frogs, lizards and plants to flourish. That’s why Predator Free 2050 is working towards eradication of three of our most damaging predators (rats, stoats, and possums) – and everyone has a role to play”

...even Highbrook!

**HOW MANY
FAMILIES DO
YOU WANT TO
FEED TODAY?**

New Zealand industry sends more than 103,000 tonnes of food to landfill per year, and 60% of this food is edible. On the flipside, more than 12% of Kiwi children live in homes where food runs out sometimes or even often.

KiwiHarvest rescue this good food then gets it to charities around Aotearoa.

Every \$5 donated to KiwiHarvest will feed a family of 4, 3 meals a day! And that's not all - because this good food would have otherwise ended up going to waste, we are feeding families and helping out the planet too.

Prevent waste. Help Families. Stop Greenhouse gasses - How good!!!

Support our mission.
