HIGHBROOK CROSSING

Haere mai

Welcome to the winter issue of the Highbrook Magazine!

We loved seeing everyone out and about late April, grabbing their Ārepa Brain Drinks. The Highbrook and Flava team handed out free Ārepa drinks to over 400 Highbrookers! We hope your team enjoyed the fabulous new flavours.

The Goodman Highbrook Rotary Fun Run was a blast, bringing out teams of competitors and lots of fun and smiling faces. A huge shoutout to the volunteers who made this event possible, especially Highbrook Rotary for organising it and the enthusiastic students from Saint Ignatius who cheered on participants around the course.

The event raised an impressive \$21,000 for charities!

The Long Lunch Quiz with The Hits was a hit! Jono and Ben tested our Highbrook teams in the Alpha Quiz – if you listen to The Hits in the morning, you'll know what this is about. Of course, no gathering is complete without some kai, so we enjoyed a long lunch from Tuck Shop, Olea and Hollywood.

Congratulations to Andrea and Natalie, our Mother's Day winners of the \$600 prize pack! This included flowers, champagne flutes, and a large range of Wiltshire Rose Gold Bakeware from 'Out of the Box' housewares (Fackelmann).

Flava Energy Station event

The Hits Long Lunch

As June kicks off, we're excited to announce the start of our Highbrook Scratch and Win competition on Monday, June 2nd! When you shop at any of the seven retailers at Highbrook Crossing and spend \$10 or more, you'll receive a Highbrook Scratch and Win card. These cards could reveal prizes ranging from \$2 to \$20 in Highbrook Crossing Cash! Good luck, and remember, you've got to be in it to win it!

In this issue we also introduce new customers United Flower Growers and Skills Hub, give you a progress update on the exciting Highbrook Watersports Centre development and showcase Highbrook's energy-efficient office spaces.

Highbrook Crossing's new developments are all going according to plan. Thank you for your patience and understanding. Remember, all our cafes and amenities at Highbrook Crossing are OPEN!

For more details on upcoming events, check out the full magazine here and follow us on Instagram and Facebook.

Enjoy the read!

See you at Highbrook Crossing!

New to Highbrook - United Flower Growers

Artist Impression of The updated Superette at Highbrook Crossing

Highbrook Superette coming July!

Rakesh and the team from Smile Supermarket are thrilled to announce their new location, at the ground level of Quest on Tūhana Lane, and a new name!

Introducing “Highbrook Superette” with bright orange branding – you can’t miss it!

Opening in July, the new space will feature more shelving and refrigerated goods, offering a wider range of products.

Expect more fresh food and all your favourites, including Lotto!

Highbrook Crossing Progress Update

Exciting times ahead! The redevelopment of Highbrook Crossing public spaces is moving along smoothly. As at publication of the Highbrook Magazine, the curved concrete formwork for the upgraded seating and planters were in place.

Look forward to a new eatery, amenities, and office spaces on the ground level of the Quest building.

The extended canopy and welcoming entrance will feature a glass house canopy, offering a bright, sheltered space perfect for lunch or a break, surrounded by a selection of eateries.

With lush landscaping for privacy and a variety of seating options, it will be ideal for individuals and groups alike.

Stay tuned for more updates!

Despite the construction, remember Highbrook Crossing has seven food and beverage retailers open for service.

HIGHBROOK CROSSING
60 Highbrook Drive, Highbrook crossing

Zinc's Auckland offices are located on Highbrook Drive overlooking the Tāmaki River, the office and large distribution warehouse are part of a much bigger picture though. There's 400 employees in 20 offices in 13 countries, across Europe, Asia, Australasia and America.

Zinc specialises in promotional marketing, branded merchandise and digital (webstores and loyalty programmes). The business deals with everything, from the concept and design of the product, to sourcing the material and getting it produced at scale in an ethical and sustainable way, managing the supply chain, setting up the customised ordering platform and holding and distributing the material from their warehouse.

Chances are you already have come across some of the products that Zinc has created, produced, marketed and distributed. That attractive reusable shopping bag that you use every day, the promotional metal bottle you drink from, the branded apparel piece you love. Zinc's diverse group of clients range from banks, fast food chains, liquor brands, large NZ retailers and petrol stations.

Call Zinc today to book an appointment in our showroom and let the creative journey begin!

Highbrook Watersports Centre gets closer to completion!

In 2007, a study conducted by the Auckland Regional Council highlighted a significant shortage of facilities to support flat water sporting codes (waka ama, rowing, canoeing and dragon boating) in Auckland, particularly South and East Auckland.

Public access to the 400-hectare Tāmaki River recreation area was primarily from the northern shore.

A sponsorship from Goodman, owner and manager of Highbrook Business Park, was the catalyst to transform the concept of the Highbrook Regional Watersports Centre (Watersports Centre) into reality. This support was reinforced by contributions from other Highbrook businesses including Cottonsoft, NXP, Fraser Thomas, Spicers NZ and Metroglass, as well as Hynds located nearby in East Tāmaki.

With an investment of \$4 million in private and public funds, the site development began, including the construction of carparks, retaining walls, building platforms, services, a boat ramp, and a pontoon.

In 2021, the project team formed a Charitable Trust known as the Highbrook Regional Watersports Centre Trust. The trustees include representatives from iwi, rowing, and waka ama, namely Jada MacFie, Barry Brown, Heremaia Rosieur, Peter Moody, and chaired by Murdoch Dryden.

The Charitable Trust has been actively fundraising and planning, achieving significant milestones such as the finalisation of the building design, receipt of building consent, and raising over 85% of the required budget to complete the targeted building works.

With an expected completion date of mid-2026, the Trust engaged in discussions with several schools whose paddling programs would use the Watersports Centre.

As the Watersports Centre moves closer to becoming a reality, the community's continued support and engagement will be crucial in ensuring the successful completion and operation of this vital facility.

Platinum Corporate Membership

Would your business like to get involved in supporting the Highbrook Regional Watersport Centre? Become a Platinum Corporate member and receive:

- Prominent signage on and in the clubrooms
- Use of the Club lounge facilities for off-site meetings
- Team building activities through structured learn to paddle/row sessions with top coaches
- Entry to an annual corporate paddling or rowing showdown between the family of Highbrook sponsors.

The Trust also welcomes donations of buildings material.

If you would like to be part of the Highbrook Watersport Centre, please contact:

Graeme Marshall
Secretary, HRWCT. 027 704 7606

Thank you to our supporters

We'd like to thank the community and corporate organisations, including:

- Auckland Council
- Howick Southern and Central Local Boards
- Four Winds Foundation
- Lion Foundation
- Grassroots Trust
- NZ Community Trust
- Pub Charity
- Milestone Foundation
- NZ Racing Board
- Blue Sky Community Trust
- Akarana Trust
- Foundation North
- Goodman
- NXP Business Supplies
- Metro Performance Glass
- Hynds Pipe Systems
- Spicers NZ
- numerous private individuals

The project has also been supported by a team of dedicated consultants who have often given their time at no or reduced cost:

- Jasmax Architects
- LM Structural
- LMP Project Management
- Hope River Ltd
- Fraser Thomas Engineers

Skills Hub Officially Opens Boosting Auckland's Trades Sector

A cutting-edge trades teaching and training facility which has officially opened here at Highbrook, is set to unlock educational opportunities across Auckland and fuel growth in the trades industry.

The opening was marked with a symbolic wire-cutting ceremony — a nod to the electrical trade — led by 24-year-old student Georgia Rensen who recently qualified as an electrician. Georgia's role in the ceremony highlighted the growing presence and importance of women in trades.

The event was also attended by the Hon. Erica Stanford, Minister of Education and Minister of Immigration, who officially opened the new 3,300-square-metre, two-storey

campus - a major milestone for Skills Group, New Zealand's largest private training establishment.

Previously a logistics warehouse, the building has undergone a \$4.5 million transformation into a modern learning hub, now dedicated to training students in the electrical trades.

Skills Group Director Trades School, Di Litgow, says the new campus reflects the organisation's commitment to delivering contemporary and effective training environments

The Highbrook facility, located at 18 Business Parade North, follows recent expansions by Skills Group in Christchurch and Dunedin, bringing world-class training environments to key regions across the country.

“This facility, represents a significant boost in our capacity to support the growing demand for skilled tradespeople across Auckland, It's designed to meet the needs of both students and the wider industry through innovative, hands-on learning.”

Di Litgow, Skills Group Director Trades School

Designed using feedback from tutors and drawing on international best practice, the new campus features state-of-the-art workshop classrooms for pre-trade students.

These spaces combine theory and practice in one cohesive environment.

“Students don't have to leave the classroom to apply what they've learned,” Di says.

“They can immediately work on training boards within the same space, creating a seamless learning experience.”

Workshops are equipped with custom-designed U-shaped benches that allow students to sit or stand while learning about appliances, soldering, and other practical components.

This layout also enables tutors to maintain full visibility and engagement with the entire class from a central position.

“We are incredibly proud to offer this world-class facility in Auckland - one that supports not only our apprentices but also their employers and the broader industry,” Di says.

BLOOD PRESSURE CHECKS

Did you know high blood pressure is the number one modifiable risk factor for stroke?

One in five New Zealanders have high blood pressure and some don't even know!

It usually has no signs or symptoms, so the only way to know whether you have high blood pressure is to get it checked.

But don't worry, it can be managed with lifestyle changes and medication.

So get yourself and your friends checked when The Stroke Foundation's Blood Pressure Check team is at Highbrook Crossing.

The experienced team will provide free blood pressure (BP) and pulse checks. They'll also provide lifestyle advice to help reduce stroke risk.

Each BP check takes about 10 minutes per person and the team can check two people at a time.

You can book in groups by emailing Samantha.Dickey@goodman.com or just rock up.

A friendly reminder that the team from The Stroke Foundation are a health promotion service and not clinicians and offer BP and pulse checks only.

HIGHBROOK

FUN RUN WALK 2025

Thank you to everyone who recently participated in the 12th annual Highbrook Rotary Fun Run and Walk which Goodman proudly sponsored.

It was another beautiful day around the Highbrook Parklands with a fantastic turnout of over 480 participants taking part in the 5km and 10km courses.

This year's event has raised around \$21,000 for:

- + Middlemore Foundation \$12,000
- + Totara Hospice \$3,000
- + Life Education Trust \$3,000
- + BBM Motivation - The BBM Program (Buttabean) \$3,000

Thank you to Highbrook Rotary for their hard work managing the event. Also thank you to everyone who participated and those companies who sponsored.

Rotary  Club of Highbrook

We are pleased to welcome

UNITED FLOWER GROWERS

We're thrilled to welcome United Flower Growers (UFG) to Highbrook – New Zealand's largest and most trusted flower broker. Proudly owned by growers, UFG has deep roots in the industry with branches spanning Auckland, Wellington, Christchurch, and Invercargill.

Supplying the freshest blooms to florists, supermarkets, convenience stores, and gift shops nationwide, UFG is the go-to source for premium flowers across the country. Best known for revolutionizing flower sales with their signature auction service, UFG has taken innovation to the next level by developing a custom cloud-based sales platform. This technology allows buyers to bid on fresh product from anywhere, anytime, all backed by UFG's seamless just-in-time logistics.

Welcome UFG, we're excited to grow together!

UFG is a wholesaler so pop in and purchase your flowers.

HOW MANY FAMILIES DO YOU WANT TO FEED TODAY?

New Zealand industry sends more than 103,000 tonnes of food to landfill per year, and 60% of this food is edible. On the flipside, more than 27% of Kiwi children live in homes where food runs out sometimes or even often.

KiwiHarvest rescue this good food then gets it to charities around Aotearoa.

Every \$5 donated to KiwiHarvest will feed a family of 4, 3 meals a day! And that's not all – because this good food would have otherwise ended up going to waste, we are feeding families and helping out the planet too.

Prevent waste. Help Families. Stop Greenhouse gasses – How good!!!

Support our mission.

Highbrook achieves NABERSNZ ratings

“Five commercial office-use buildings at Highbrook Crossing received 5 Star NABERSNZ ratings, with the Ford Building on Highbrook Drive achieving a stellar 6 Star rating*.”

Goodman is committed to installing submeters across 100% of its core portfolio by 2026. These submeters track energy consumption in key areas such as HVAC, lighting, and power usage.

The Goodman Energy Management (GEM) submetering system collects, stores, and analyses energy data across offices and warehouses, providing real-time reports and insights.

By identifying opportunities to reduce power consumption, customers can make informed decisions that lead to long-term cost savings and improved energy efficiency.

5 Star NABERSNZ rating
Open Country House

“6 stars is a tremendous achievement, and puts it among the country’s top performing buildings. Energy efficiency is a key way for reducing emissions, taking pressure of our electricity grid, and reducing operating costs. Congratulations to all involved – this continues to push the industry forward and shows real leadership.”

Andrew Eagles, CE, New Zealand Green Building Council

NABERSNZ TOOL

NABERSNZ is a system for rating the energy efficiency of office buildings. Managed by the New Zealand Green Building Council on behalf of the government, it assesses a building’s performance using 12 months of energy data to assign a star rating between 0 and 6. A rating is valid for 1 year, to encourage continuous monitoring and improvement. A 6 Star NABERSNZ rating is the highest possible rating, signifying that the performance of the building is world leading. Holding this rating is a significant achievement, signaling that the building is highly efficient and performing at its best.

This tool helps occupying businesses understand and improve their energy efficiency, thereby reducing their carbon footprint.

For the commercial-use buildings at Highbrook, Goodman targeted NABERSNZ 5 to 6 Star ratings, these efforts align with our broader sustainability goals, including reducing carbon emissions and enhancing energy efficiency.
